

Smithfield Business Partnership

Talented Performance... Resilient Performance... Smithfield Performance

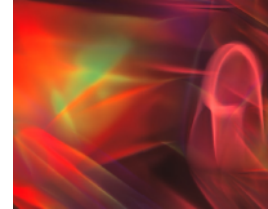

Branded & Customised Surveys

Using our online survey technology we can deliver to your customer a set of employee attitude questions. We provide you with:

- > a fully branded Employee Survey to your customer
- > the online reporting module so that you can interrogate your own data
- > branded Resource Centre, secure webpages accessible only by you and your customers.

Expand your consulting opportunities with your own Online Survey Technology.

It looks like it comes from you.

If you are a consultancy that would like to take advantage of online surveys but you do not have your own technology, this is an ideal product for you

What can we deliver for you

- > Tailored Employee Attitude Surveys - you design the question set with your customer
- > Standardised Employee Attitude Surveys - with benchmarking comparisons
- > The ASTA Ashted Smithfield Team Assessment - Team based assessment of team performance
- > The Smithfield Resilience Assessment - A standardised measure of personal resilience
- > The Health And Safety Executive Indicator Tool - a standardised measure of stress
- > A fully branded Resource Centre. This can be used to file articles, provide multimedia content, or to post Customer feedback reports. This is a secure webpace that only you and your customers can access

How do you benefit?

- > Opens up consulting opportunities
- > You receive a Service Level Agreement from us
- > We agree license fees in advance
- > You become a Smithfield Business Partner and join our business partner community
